DIVISION OF
OIL GAS & MINING

DOGM
MINERALS PROGRAM
FILE COPY

Dear Mr. Hedberg,

Attached are the figures requested.

The aerial photo uses colored cross hatches to mark areas of mining activity. Areas marked with more than one color indicate that the same area was reworked to recover additional oolites.

The areas marked on the plant diagram indicate where oolites are stored and processed.

If you require additional information please contact me at 532-1522 ext. 259.

Sincerely,

G. Thomas Tripp
Environmental Manager
